CRKT

M16®-14LEK Tanto Large

We have produced Kit Carson's popular M16® line in many variations over the past decade. Our glass filled nylon version has built the largest user base of all. These knives are built for function, not fad, and they are exceptional values. Our new M16 ZLEK line uses our very successful InterFrame construction, with tough, textured glass filled nylon scales over a 420J2 stainless steel liner InterFrame and solid glass filled nylon back spacers. We assemble the handle with superior offset Torx® fasteners.

ZT ZERO TOLERANCE KNIVES

Tim Galyean 0223

NEW!

Inspired by the heritage of classic military knives, the 0223 is designed by Tim Galyean and precision built by ZT. This version is a folder, making it easy to EDC so its at hand for every task you take on. The clip-point blade has heavy jimping on the spine and a cutout to decrease weight. A series of decorative holes drilled in the ricasso echo the jimping and add subtle details to this handsome knife.

0707

NEW!

Finding the perfect balance between big and small, the ZT 0707 offers something for everyone with its premium looks and cutting performance. Its sleek profile is comfortable in the hand, while also keeping a low profile in the pocket. Yet its 3.5-inch blade offers a substantial edge for most cutting tasks. Plus, for a first in the Zero Tolerance lineup, users can access the blade with ZT's Tuned Detent System (TDS™), which allows the knife to be opened even with pressure on the lockbar. A reversible extra-deep-carry pocket clip, carbon fiber handle scales, and CPM 20CV blade steel round out this feature-packed ZT innovation.

Flitch

The eye-catching blade is made of 8Cr13MoV stainless steel, which can take and hold a sharp edge, yet resharpens easily. Then Kershaw's heat treatment brings out the best in this top-value steel. The blade is stonewashed to help hide hard use scratches. The result is a very distinctive looking blade that performs well, too. The handle is glass-filled nylon, textured and chamfered for a solid, comfortable grip. Pair that with the deep finger grooves on the underside of the handle and the Flitch offers an exceptionally secure grip. A sturdy liner lock keeps the blade in place during use, then releases easily when you're ready to EDC it.

Launch 7

With a long 3.75-inch clip-point blade of CPM 154, the Launch 7 offers a long, lean profile. The steel is the powdered metallurgy version of the popular 154 CM knife steel. This version offers improved toughness, grindability, and polishability as well as providing excellent corrosion resistance and edge retention. The handle is highly sculpted for an attention-grabbing look. Machined contours on both handle top and bottom give the Launch 7 its modern, industrial aesthetic as well as ensuring a solid grip. The backspacer is fully integrated into the handle, adding to the Launch 7's solid feel and great look. The handle is built of aluminum for lighter weight and is anodized in grey, making it stand out from the rest of the Kershaw automatic line.

• Made in the USA • Tim Galyean design
• Integrated backspacer • Push button open
• Push button lock release • Reversible pocketclip, (left/right)
• Steel: CPM154, DLC coating • Handle: Anodized aluminum

Bareknuckle

Like the other knives inspired by the original Zero Tolerance 0777, the new Bareknuckle, model 7777, is based on the style of our original award-winning design, but this one offers a slimmed down profile and upgraded materials. The blade is Sandvik 14C28N, a blade steel that was originally created through a Kershaw-Sandvik partnership to produce this high-performance steel.

- *Flipper • No mechanical assist*
- *Handle: 6061-T6 anodized aluminum • Sub-Frame Lock*
- *Reversible • Steel: 14C28N Stonewashed Finish*
- *Blade Length: 3.5 in. (8.9cm)*
- *Overall Length: 8.2 in. (20.7 cm) • Weight: 3.4 oz.*

Bareknuckle.....C21KW7777..... $64.99

Duojet

This eye-catching EDC has a wide clip-point blade of quality 8Cr13MoV stainless steel with gray titanium carbo-nitride coating. The durable coating provides an extra measure of corrosion protection. The steel handle has matching gray titanium carbo-nitride coating and dual carbon fiber inserts. The matte gray coating contrasts handsomely with the carbon fiber—especially when light is reflected in the two inserts.

- *Flipper • Speedsafe Assisted Opening*
- *Handle: Stainless steel, titanium carbo-nitride coating, carbon fiber insert front*
- *Frame Lock*
- *Steel: 8Cr13MoV, titanium carbo-nitride coating*
- *Blade Length: 3.25 in. (8.3cm)*
- *Overall Length: 7.75 in. (19.7 cm) • Weight: 4.8 oz.*

Duojet.....C21KW8300..... $28.49

Fringe

The new Kershaw Fringe is out of the mainstream and anything but boring. With its gray titanium carbo-nitride coating on both blade and handle, as well as an attention-getting carbon-fiber insert, the Fringe is already a very attractive EDC. But it's the things you don't see at first glance that make it even better.

- *Flipper • Speedsafe Assisted Opening*
- *Handle: Stainless steel, titanium carbo-nitride coating, carbon fiber insert front*
- *Frame Lock • Single Position*
- *Steel: 8Cr13MoV, titanium carbo-nitride coating*
- *Blade Length: 3 in. (7.6cm)*
- *Overall Length: 7 in. (17.8 cm) • Weight: 3.5 oz.*

Outright

Kershaw decided to go blue sky on this one. Literally. The durable and scratch-resistant PVD coating on the Outright is bright blue—and the color is definitely the first thing that you will notice about this attractive pocketknife.

- *Flipper • Speedsafe Assisted Opening*
- *Handle: G10 Front, Blue PVD Coating Back*
- *Frame Lock • Single Position*
- *Steel: 8Cr13MoV, Blue PVD Coating*
- *Blade Length: 3 in. (7.6cm)*
- *Overall Length: 7.1 in. (18.1 cm) • Weight: 4 oz.*

Faultline

This is the one you add to your truck box, toss in your go-bag, or slip into the pocket of your tactical pants. Everything about it says, "practical, reliable, and sturdy." This right-sized knife fits comfortably in the hand, but offers a bigger blade than you might expect.

- *Flipper • No Mechanical Assist*
- *Handle: G10 Front, Blue PVD Coating Back*
- *Liner Lock • Single Position • KVT Ball Bearing Opening*
- *Steel: 8Cr13MoV, black-oxide coating*

Link - Aluminum
The missing link—between a quality, made-in-the-USA knife and a price most consumers can afford—has been found. The 420HC stainless blade steel is an excellent everyday steel: tough, corrosion resistant, easy to sharpen and takes a good edge. A stonewashed finish gives the blade surface a desirable roughened or scuffed look, and helps hide scratches and fingerprints. Upgraded aluminum handles are stylish and tough.

Double Cottontail™

This call houses two metal reeds thus giving it the name double. The special reeds are designed to give this call a high-pitched and raspy sound unique to the predator calling world. You can use this call as the primary call or sometimes it works best to save it for later in the set to jar loose those educated critters. Works on all predators including coyotes, bobcats, fox, etc.
• Two Metal Reeds • High-Pitched & Raspy • Laminated Barrel
Double Cottontail™ Predator Call
C21PY365 ..... $23.49

Ki-Yi™

The name "Ki-Yi" was derived from the sound an injured dog makes. Our Ki-Yi™ also produces the raspy, distress calls of prey, which appeals to all predators. This call has a removable mouthpiece which can be used alone to produce the various pitches ranging from fawn distress calls, pup whines to rabbit screams. It is easy to use and is small which makes it great for compact carry. The shrill wake-up calls of the Ki-Yi™ will definitely get their attention. Includes Instructional Mini CD
Ki-Yi™ Predator Call ..... C21PY315 ..... $15.49

Lil' Dog™

A small howler with a big bite. The Lil' Dog™ comes with two separate mouthpieces: just pop the white one on for long-range calling and the green one on for close-in calling. The detachable horn gives it great versatility. The Lil' Dog™ is an open-reed style call that reproduces mouse peeps, distress calls of birds, jackrabbits, cottontails, fawns and pup whines. It is also a great pup howler.
Blow 'em away with the Lil' Dog™
• Includes Instructional Mini CD
Lil Dog™ Predator Call
C21PY350 ..... $19.99

Hot Dog™

This Hot Dog™ is one bad dog! Fool those educated coyotes. The mouthpiece detaches from the horn to sound like two distinctly different coyotes. This will give you the edge during mating season and battling over territorial boundaries. The Hot Dog™ is super loud making it a great locator call. It's also versatile enough to create distress calls of birds, cottontails, jackrabbits, pups, fawns and deer. This large howler's mouthpiece alone creates smooth sounding howls. The horn adds rasp and volume to your calling. The Hot Dog™ is designed specifically to Speak The Language® of the coyote
• Detachable mouthpiece for distress calls
• Loudest howler available
• Includes Instructional Mini CD
The Hot Dog™ Predator Call
C21PY351 ..... $23.99

Raspy Coaxer™

A combination, long-range call and close-in coaxer. Simply blow into the call to reproduce the raspy scream of the jackrabbit for long distances. Cover the end of the call and continue blowing to reproduce the whimpers and whines of injured rodents.
• Two calls in one
Raspy Coaxer™ Predator Call ..... C21PY323 ..... $10.29

BIG Bucks™ Bag

Big sounds come in a convenient compact size. Sound like small bucks sparring or reproduce a dominant buck fight. You can increase the volume of sound the bag makes by removing one or more of the Power Tines™. Two sets of Power Tines™ create the sounds of two different sized bucks competing for the same territory Power Tines™ with new Tone Holes for super loud rattling. New camo net bag increases volume and flexibility. 100% WATERPROOF
BIG Bucks™ Bag ..... C21PY730 ..... $12.79

Buck Roar® II

Improving on the legendary Buck Roar, we re-positioned the barrel, reed, and enhancer fit and air flow to easily allow for sharp and responsive grunts. By inserting a baffle in the wheeze and trumpeting the exit, the exact wheeze sound of a challenging buck is easily duplicated. The rotating wrist strap will ensure the call is at a ready to use position, whether at full draw or calling to a buck in the distance. It's loaded with all the features you need in one call to bring that trophy buck in close.
• Sharp and responsive grunts • Duplicates the challenge wheeze of a mature buck
Buck Roar® II ..... C21PYPS752 ..... $18.99

Rut Roar

The Primos Rut Roar is our loudest most accurate grunt call. We built upon the Buck Roar our best deer grunt to date. First we redesigned the housing. Pushing to get every bit of accuracy we could to fool a deer's senses. We changed the angles of the call so that it cast the sound down when calling from treestands. The all rubber construction allows you to manipulate the call to be blown full volume (the Roar) to much lighter tending grunts without having to adjust the reed. We increased the chamber size of the challenge wheeze to get increased volume and range out of it. And, we bettered the form fit to your arm so that the Rut Roar is always at the ready but out of the way. The Rut Roar is the best deer grunt on the market, period.
• Reproduces aggressive, mature buck sounds • Built in Challenge Wheeze
• Ergonomic shape • Angled outlet for directional calling
Rut Roar Grunt Call ..... C21PY773 ..... $14.99

Revolver Grunt

Simple revolving dial design adjusts call for a fawn bleat, doe bleat, doe grunt, young buck or a mature buck grunt
• Every deer call all wrapped up in one!
• Simple revolving dial design adjusts call for a fawn bleat, doe bleat, doe grunt, young buck or a mature buck grunt
• Infinite adjustment capabilities • Soft touch body for quiet carry
Revolver Grunt Call ..... C21PY776 ..... $21.99

Female Whimper™

This call imitates the whimpering cries of a female coyote during the preliminary stages of the breeding process. Randy captured the rare event on video as seen on the "Mastering The Art® of Predator Calling" DVD. This sound attracts all coyotes from young pups to adults, not just the dominate males. Coyotes are a very curious animal. There have even been fox and bobcats visit this sound. The sound actually sounds like a loud bird tweet-tweet-tweet, etc.. Coyotes could relate this sound to breeding, ki-yi's or even a mouse or rodent.
• Single Reed
• Imitates Whimpering Cries of Female Coyotes
• Laminated Barrel
• Includes: Instructional Mini-DVD
Female Whimper™ Predator Call ..... C21PY367 ..... $22.49

Hardwood® Fawn Bleat

The Hardwood® Fawn Bleat is the "Original" call introduced in 1986, which started the craze of calling does. Made from select hardwood, it reproduces the bleat & bawls of young deer or fawns which appeals to the maternal instincts of all does during the early bow season. Also reproduces doe Estrus™ Bleats, which appeal to bucks during the rut. The best is back with the original Hardwood® Fawn Bleat. You won't be disappointed. Perfect for early season bow hunting
Hardwood® Fawn Bleat ..... C21PY721 ..... $13.49

Mouse Squeeze™

The Mouse Squeeze™ is so simple to operate that anyone can use it on their first try. Because you never blow on it, there's no moisture to freeze it up. It is very effective when predators are at a close range and need a little more coaxing to close the deal. You will be glad you have this easy-to-use call on your next hunt.
• 100% FREEZEPROOF!
• Just pick it up & squeeze
• Great close-range coaxer
• Requires minimal hand movement
Mouse Squeeze™ Predator Call ..... C21PY304 ..... $6.99

Fightin' Horns™

Made with high tech polymer to deliver the same consistency and structure as real antlers. The 14 contact points reproduce buck-fighting sounds form a light spar to an extra loud fight. The extended handle design gives hunters room to rattle without injuring their hands.
• 14 contact points • Same consistency and structure as real horns
• Extended handles

Titan™ Bullet Points

NEW!

Originally designed for use in cardboard targets and foam targets, the Bullet Point shape works well for target practice because the shape helps to limit target pass through by slowing the arrow in a foam target. Good for use with fast bows that create lots of energy, these points create less wear and tear on foam targets than field points.

Viper® SD

The Viper® SD is light - only 20 lbs. with a seat and cables. It is also portable, the frame nests together and packs on your back. The solid front bar makes it easy to use - no supporting your weight on your arms. Just sit on the bar and let your legs do the work. The frame design works just as well for bowhunting as with a rifle. It can do it all - and it is no wonder why the Viper® SD is so popular.

Pole Saw Spare Chain ..... C21PH655239 ..... $19.99

Extendable Tree Saw

The MegaBite blade uses a high carbon SK5 steel in a tapered blade design, combined with an impulse hardened 4 edge tooth that has improved tooth geometry for unmatched cutting performance and a longer cutting life. Each section of the telescopic extension arm locks down individually, creating an incredibly sturdy saw that can extend up to 5', 10', or 16' feet.

Ratchet Pruner

Most hunters carry a ratchet pruner and a hand saw. The new Hooyman Ratchet Pruner gives you both tools in one. A simple push of a button detaches the in-handle saw from the pruner. This is the ultimate tool for pruning trails to your stand, cutting shooting lanes and brushing in a blind. Like all Hooyman products, the Ratchet Pruner is built to last and built to perform. All aluminum construction (no plastic) provides lightweight grade performance. A tapered ratchet blade adds strength and integrity. And the detachable saw features the same premium components as the famous Hooyman Retractable Saw including a high carbon steel saw blade.

Ratchet Pruner *c/o*..... C21PH655229 ..... $33.99

Ratchet Pruner

The Hooyman® pruner line offers razor sharp SK-5 steel blades and superior torque and cutting ability. These pruners are built to last and withstand abuse season after season. The ratchet design compounds force with a series of easy squeezes, for maximum cutting power with minimal effort. The low-friction blade coating helps the blade glide through wood so you can cut quicker and hunt longer.

• Blade Length: 2" • Overall Length: 8" • SK-5 High Carbon Steel stays sharp longer
• Thumb-locking latch keeps blades secure

Shooters Rump Rest

Sitting still so the turkeys won't see you is no longer a challenge. Due to its special contour,
The Shooters Rump Rester™ Turkey Hunting Seat provides a comfortable shooting
position and can be used in either direction, depending on the slope of the ground. The seat keeps you above the rocks and tree roots and the legs are twice as wide as those
on typical seats to keep you from sinking into the forest floor on wet morning hunts.
Four 12 ga. shotshell holders are molded in to prevent fumbling with ammo, when you need it most. Fishermen will also enjoy this seat not only for its comfort, but because it has a place to prop their rods.

PRIMOS HUNTING

Double Bull® Tri Stool

When you spend as much time in our ground blinds as we do, you eventually create the "best seat in the house" instead of trying to "make do" with some chair from a discount store. Standard chairs are apt to cut off blood flow on the back of your legs, leading to discomfort and cold feet. They also restrict mobility and don't allow the range of motion that our QS3 Tri-Stool provides. Of course, we designed this tri-stool at the perfect height to see through all of our blind window openings.

QS3: • Ground Swat Camo • Weights 6.5 lbs
• Flared Backrest for Support • Steel Construction
• Over 300lb. Capacity

Permethrin Premium Insect Repellent

For use on clothing, tents, and other gear, Sawyer Permethrin products not only repel insects, they actually kill ticks, mosquitoes, chiggers, mites and more than 55 other kinds of insects on contact. The active ingredient, Permethrin, is a synthetic molecule similar to pyrethrum. When applied to clothing, Permethrin binds to the fabric eliminating the risk of over-exposure to the skin. Permethrin is odorless when dry, and will not stain or damage clothing, fabrics, plastics, finished surfaces, or any of your outdoor gear. A single application lasts 6 washings. Always follow the Directions for Use on the package label.

BLUE FORCE GEAR

Micro Trauma Kit NOW!

The Micro TKN was designed as an EDC trauma kit for law enforcement professionals, prepared citizens, or hunters. Deployment of critical first aid supplies can be done with one hand or a single finger from either the left or right side by pulling the BLIP featured pull tabs. The Micro TKN consists of two main components – the outer MOLLE or Belt mounted pouch utilizing the Ten-Speed technology, and a removable insert that keeps medical supplies organized. The front outer pouch features a laser cut cross with several signal indicators - black insert or highly reflective glow-in-the-dark insert. The end user can decide which indicator works best for their use or leave all the inserts out for a pattern matched front for maximum concealability.

Bullets are placed in the box in the down position and are protected by four special fingers. These fingers are designed to keep most bullet tips from hitting the bottom of the box, preventing tip damage that can change bullet flight characteristics. There is also extra space provided between rounds to facilitate easy removal. The convenient fold down carrying handle is specifically designed so that belted magnum rounds can be carried rim up or down.

.30 Caliber Ammo Can

Molded out of rugged polypropylene plastic, these comfortably handled ammo cans will hold up to some pretty harsh treatment. Utilizing MTM's tongue and groove O-Ring seal system for a superior water-resistant seal, the 30 caliber can is designed to fit the same amount of bulk ammo as the originals. A heavy-duty dual latching system makes for a better seal and less likely to open accidentally. Double padlock tabs along with molded-in stacking ridges, make these solid containers the perfect solution to so many storage needs.

802 Pocket Pistol Cases

Shaped like a traditional gun rug. Perfectly suited for compact size semi autos. Ideal for revolvers with barrels lengths less than 2". This little hard case is small enough to fit in places like night stands, glove boxes, gun safes, etc.

Pocket Pistol Case for 2" Barrel Revolvers and Auto Handgun *(Black)* ..... C21MT802C40 ..... $5.29

803 Pocket Pistol Case

Slightly larger than the 802C. The 803 accommodates all pocket sized handguns with barrel lengths of less than 3". Because of its offset handle design, the 803 also keeps a small profile, yet leaves just enough room inside for a spare magazine with most pistols. A standard Colt 45 Cal., 1911 A1 fits perfect in this case. All subcompacts & most full size semi-auto's revolvers 3" or less.
Dimensions: Inside: 9.0" x 5.8" x 2.9"
Outside: 9.6" x 6.5" x 2.1".

Save-It™ Shell Catcher

Prevent flying shells from distracting you or others. The all steel Save-It Shell Catcher captures the empty hull when ejected through the receiver and holds the empty for easy removal. For use with all 12-gauge semi-auto shotguns. Soft, padded tape acts like a barrier; keeping the metal plate away from the gun. Wire catcher locks in up position for singles, turns down for doubles or pulls out for hunting. Easy to use and works great! *Wire can be bent closed while wire is not in locked position to fit 20-gauge semi-auto shotguns. *Fits most shotguns.

S.T.R.I.K.E. Speed Clips

Speed Clips are made of a modern carbon-fiber polymer material that is strong, flexible and durable. These are the most versatile new pieces of MOLLE hardware available. Developed by BLACKHAWK's R&D staff, these clips quickly mount or disconnect pouches and other gear quickly and efficiently - no more tedious weaving of bulky straps or hesitation at rearranging your kit for better ergonomics. These clips make that task easy. Tested in combat, they have proven to be both reliable and secure.

- *Speed clips DO NOT RUST!* • *Contain an accessory lanyard hole*
- *Free floating for use with other accessories, unlike attached MOLLE straps*
- *Color matched to your gear* • *Can be used with all of our new 38-series pouches*
- *Can be used with any existing MOLLE pouches (simply cut the strap off or tuck it behind the Speed Clip)*
- *Can be used in other innovative ways to enhance your personal setup*

Basic BDU Pants

Built with the many of the same features as the classic MIL-SPEC BDU but with a few added improvements. The classic BDU pant was adopted by the U.S. military as their primary combat uniform in the early 1980s and served well into the mid 2000's but by adding a YKK® brass zipper and a DropN accessory/phone pocket, these pants are even better today.;

- YKK® brass zipper fly • Two adjustable side tabs with bartack reinforcements
- Belt loops have a 2-1/4" wide opening and are secured with two bartacks
- Two front slash pockets • Two rear inserted pockets with snag proof and fused pocket flaps
- Two bellowed three pleated cargo pockets with drain holes & snag proof and fused button flaps • DropN accessory/phone pocket
- Reinforced seat • Reinforced knees • Nylon drawstring leg ties

Alphaburly Pro 18" Thinsulate Ultra

Mossy Oak Break-Up® Country

The Alphaburly® Pro is focused on a personalized fit and guaranteed comfort. Constructed with a more-natural rubber compound, this boot is much more flexible and easier to get on and off. We've replaced the fleece lining with an embossed neoprene liner for good air circulation to keep legs and feet cool and comfortable while the adjustable neoprene gusset increases stability and accommodates varying calf sizes.

- *Hand-Laid premium rubber over a 3.5mm neoprene core for flexible, waterproof, scent-free comfort*
- *Embossed liner increases air circulation inside the boot wicks moisture and is quick drying*
- *Active Fit with adjustable neoprene gusset for easy on/off and secure, comfortable fit on foot*
- *Multilayer rubber on the toe and heel plus a double-layer vamp for added support and durability*
- *Sizes: 6-14 Whole Sizes • Lining: Jersey*
- *Footbed: Removable EVA • Shank: Nylon*

Icon X Short Sleeve

The Huk ICON X Short Sleeve is the most technically advanced performance fishing shirt, designed for hardcore anglers. Comprised of Double Pony Polyester, this synthetic material spreads moisture over a larger surface area creating a rapid drying effect that cools the body after coming into contact with perspiration. The synthetic fibers allow air to pass through the shirt and contain a hydrophobic coating that transports sweat to drier areas, away from the skin.

Strike Solid Long Sleeve

The Huk Strike Long Sleeve is the most technically advanced performance fishing shirt, designed for hardcore anglers. The strike features Huk Stain Release technology to easily wash stains like fish blood. The synthetic mesh material on the sides and under arms, spread moisture over a larger surface area creating a rapid drying effect that cools the body after coming into contact with perspiration. These synthetic fibers allow air to pass through the shirt and contain a hydrophobic coating that transports sweat to drier areas, away from the skin.

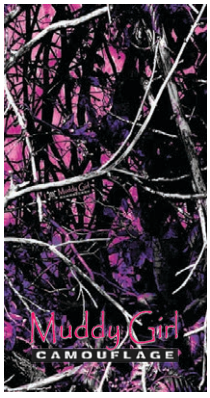
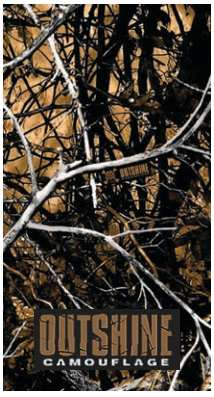
CAMOUFLAGE REFERENCE GUIDE





Bullet Acronyms & Abbreviations

This is a list of acronyms and abbreviations used to describe bullet shapes and/or construction.
The following are very common abbreviation you will see associated with ammunition:
+P - Contains a higher powder charge than normal (10-15% overpressure). +P+ - Contains a much higher powder charge than normal (20-25% overpressure).
J - usually Jacketed. P - usually Point. S - could be Soft, Semi, Spire or Spitzer.
The list below is not a complete list, but you will get the idea. For example, you can use this information to put together or figure out the abbreviations or acronyms for a particular bullet shape such as SWCHP (Semi-Wad Cutter Hollow Point) or JHPBTS (Jacketed Hollow Point Boat-Tailed Spitzer.)

STORE YOUR FIREARMS RESPONSIBLY

Welcome to the Own It? Respect It. Secure it.®

This Initiative, created by the National Shooting Sports Foundation, is built on the firearm industry's long-standing commitment to safety and has been developed to give industry members an ongoing platform to promote and encourage firearm safety and storage. It also serves to enhance and amplify the messages of ongoing safety and education campaigns such as Project ChildSafe, which has distributed more than 36 million free firearm safety kits to gun owners through partnerships with law enforcement agencies in all 50 states and five U.S. territories.

By your purchase of merchandise, you agree to the following terms and conditions.

COD

We ship COD's by FEDEX only.
FEDEX requires that you have a cashiers check or money order for the exact amount of the COD. Therefore all COD orders must be handled by telephone. No COD orders will be accepted through the mail or web site.
A **$16.50** COD charge will be added to cover the FEDEX fee for collecting payment on any COD.

Prepaid

We accept the following methods: Cashier's check, money orders, business, and personal check. Cashier's checks and money orders will be processed promptly.
Any orders paid with business or personal check, will be held one week. If for any reason a prepaid order does not include sufficient funds to cover the total invoice price, your order will be held until we are able to contact you to determine how to handle. Tennessee Law requires that any unclaimed refund checks or credit balances, be tracked and maintained on a companies books for a period of 5 years, therefore, due to the expense involved in tracking and managing these checks and balances, we have adopted the policy of automatically donating any refund due of 99¢ or less to the NRA Foundation's Youth Education Endowment.
Any overpayment of $1.00 or greater will be refunded. By your purchase of merchandise, you agree to these terms and conditions.

Stock Availability & Back Orders

If we are out of stock, your money will be refunded. Mail orders only, you may request that we hold the order until available or request a back order.

Charge Cards

We accept MASTERCARD, VISA, DISCOVER & AMERICAN EXPRESS -
Please have your card number ready when placing your order.

Pricing & Typographical Errors

All prices and fees are subject to change without notice. We are not responsible for typographical errors or price misprints contained in this catalog.

Damages/Shortages

All damaged shipments must be reported to our customer service department and the carrier for claims handling. Any damages or shortages must be reported to us within 24 hours of receiving your order. ***In the event of any damage or shortage, all boxes and packing material regarding that order, must be kept on hand until the problem has been resolved and any claims paid in full.***

Defectives

All merchandise is guaranteed by the manufacturer. Please return any defective merchandise directly to the manufacturer for replacement or repair, as we are not a warranty repair station.

Returns

All returned merchandise must be returned within 15 days of invoice date. No returns accepted COD.
All returns must be in the factory packaging and in new condition.
Due to safety concerns, we do not accept returns on ammunition, powder, primers, or food products.

International Orders

General Information:
We no longer ship internationally. We do accept credit card billed Internationally, but it must ship to an address within the United States.

When shipping by Air Service a $105.00 UPS hazardous materials handling charge will be added to your order for each box containing ammo or primers Powder can not be shipped by air. *Note: All hazardous orders require a signature.*

Restricted Items

Shipping Requirements For Restricted Items -
Certain products available for purchase from Natchez Shooters Supply may be restricted by Local, State or Federal law. These items may include, but are ot limited to airguns, ammunition, black powder guns, blank guns, blow guns, bows, crossbows, exploding targets, fuses, knives, machetes, magazines, paintball guns, pellet guns, pepper spray, powder, primers, slingshots, stun guns, and swords. You must be 21 years of age to purchase any of the items listed above. These items can not be sold to anyone convicted of a crime of domestic abuse, convicted felons, or anyone with a chemical dependency. Further, any person placing an order warrants that pursuant to the Local, State, and Federal laws which govern them, that they are under no legal restriction that would prohibit them from ordering, owning, possessing or transferring said items.

Ordering Information and Policies for Mail-In Orders

By your purchase of merchandise, you agree to the following terms and conditions.

A. Due to the added cost of processing mail-in orders caused by manufacturers' price increases, incorrectly totaled orders, insufficient freight, lack of clarity in written orders and lack of 2nd choices being named as acceptable substitutions for unavailable items, we have implemented the following policies.

B. All orders will be shipped FEDEX unless you clearly and specifically request delivery by U.S. Mail. FEDEX will not deliver to a P.O. Box, therefore please include complete physical street address. Any order being shipped by air or U.S. Mail cannot include pressurized containers, powder, primers, chemicals, solvents, or any other hazardous materials. Ammo can be shipped by FEDEX only.

C. General Policies on Mail-In Orders

1.) If your order includes scopes, bases, rings, bullets, shellholders, brass, primers or loaded ammo please give a 2nd choice. If your 1st choice item is not available and no 2nd choice item is named, your order will be shipped as is.

2.) **Please refer to PREPAID information above.**

3.) At our discretion and according to product availability, orders will be shipped as completely as possible unless a major item affects the rest of the order. For example: if you ordered a press and dies and the press was unavailable, the order would not be shipped.

4.) Due to the manner in which mail orders are processed, **mail-in orders cannot be changed or altered**. Therefore, please check your order carefully before mailing. If your have any questions concerning your mail-in order BEFORE PLACING YOUR ORDER, please feel free to call 1-800-251-7839. Someone will be happy to answer any questions you might have concerning your order.

5.) To help us overcome any potential problems please include a **day time** phone number.
